

JAPAN WEEK IN VENICE

27 AUGUST – 6 SEPTEMBER 2019

A series of all-encompassing events - institutional, economic, environmental, cultural and three exhibitions – will take place for the first time in Venice, organized by the *Italy Japan Foundation*, with the support of the Mayor of Venice, Mr. Luigi Brugnaro, and the support of *Venice International University* - VIU.

Thanks to a magical coincidence, the Venice Film Festival will open with the screening of "The Truth" by the Japanese film director Hirokazu Koreeda, starring Catherine Deneuve, Juliette Binoche and Ethan Hawke.

There will be meetings with film directors, ANICA, Japanese and Italian producers during the Film Festival, in view of signing co-production agreements involving Italy and Japan.

Another lucky coincidence is the performance, in the splendid venue of the *Teatro La Fenice*, of Puccini's opera inspired by Japan "Madama Butterfly" with stage and costume designs by the famous Japanese artist Mariko Mori.
